

Client Feedback

Currently we serve a diverse group of clients across Hampshire, Wiltshire, West Sussex, Middlesex, Norfolk, Surrey and London.

Here are what some clients have said about their experience with Arcturus:

"I feel that I made a wise decision when I chose Arcturus to be my financial adviser. They took full account of my personal circumstances and needs, both current and future and then applied their considerable expertise, knowledge and experience to identify the investment vehicle best suited to my situation. Each step of the way everything has been fully explained and discussed with absolutely no pressure and the whole exercise has been carried out carefully, conscientiously and courteously by an adviser who put me at my ease and whom I have no hesitation in recommending. I look forward to a long and continuing relationship with Arcturus." (JM, Petersfield - Feb, 2017)

'Arcturus have been my financial advisers since 2007. During this time they have provided excellent service and sound financial advice. They are very knowledgeable and provide regular reviews of customer investment requirements.' (JJ, Salisbury - Sep, 2016)

I have been with Arcturus Wealth Management since 2011 which speaks for itself. Excellent customer service with quick response to queries. Most importantly, I trust their advice which is always honest and in the best interests of the customer. I will continue to invest and grow my money with this top company. (AP, London - Jul, 2016)

'I have only good things to say about Arcturus Wealth Management. The knowledge and expertise in investment as well as financial planning, as well as the level of care provided, is excellent. Their approach is very straightforward: they are good at listening, at keeping things simple, and offering sound and practical financial advice. I really feel they care about me and my future and they help me sleep better at night because of it. Thank you'. (MG, London - Jul, 2016).

'I cannot recommend Arcturus Wealth highly enough: their approach is thorough but tactful; wise and honest. Their knowledge of the investment world is based on many years of experience. We approached Arcturus to help us develop a long term investment plan with savings from my husband's pension. Our goal was to protect our capital and to keep it in line with inflation. What could have been a labyrinth of incomprehensible terms and bewildering relationships were made clear and digestible with DH's guidance. It helped us immeasurably when it came to making informed choices about where to invest the money. He brought an enthusiasm to his subject which became infectious - no mean feat when dealing with pensions and savings. He is an energetic, engaged, intelligent analyst of the markets with a great deal of experience to bring to his advice. He carries out thorough research and has a strong network. Those with whom we had contact in the companies he recommended spoke about him very highly indeed.' (KS, Norfolk - Jun, 2013)
